Details Cards & Gift Poems

Not every wedding will require an information insert card however if there is a possibility your guests could face a problem with attending your wedding, you might need to add one to your invitations.

See below a list of questions you should ask yourself to determine if your guests may need further information to make attending your wedding easier.

- Are you having a destination wedding?
- Do you need to assist your guests with accommodation and travel options?
- Is access to your wedding ceremony or reception difficult to get to?
- Is parking limited at your ceremony or reception venues?
- Are you arranging bus transportation for your guests to arrive to your wedding?
- Are you hosting any pre or post wedding events?
- Are you having an adult only wedding ceremony and/or reception?

If you answered yes to any of the above,
then you will most likely need to include a details card.
Details cards are available from 40cent

Day Two Celebrations

If you're having an after party to continue your celebrations, this information can be printed on your invitations or printed on a separate card if you're only inviting a select few to the next day event.

We have a variety of sizes available.
